Codes used for bird occurrence – Place the appropriate code from the list below in the appropriate distance column

Singing male = S Calling = C Drumming = D Individual seen = I Family group = F Active nest = N

Time Bin – Place a “3” in the column if bird was detected during first 3 minutes

Place a “5” in the column if bird was detected during minutes 4 or 5 (a “+” on the field card)

Place a “10” in the column if bird was detected during the last 5 minutes (a “•” on the field card)
